Dear colleagues,

It is our great honor to invite you to the first scientific conference

Organized by the **PHI Specialized hospital for geriatric and
palliative medicine “13 November - Skopje”**

The conference will be held under the motto:

WHERE ARE WE AND WHERE DO WE WANT TO BE

care of geriatric and palliative patients**

We aim to unite doctors from different specialties whose interests overlap with geriatrics
and palliative care, and of course psychologists, social workers and nurses who are an
integral part of the team.

The conference is being held in full cooperation with the Macedonian Society for
Geriatric Medicine and the Palliative Care Association of the Republic of Macedonia.
The event will be held on 14th and 15th of November, 2025 at the Aleksandar Palace
Hotel in Skopje.
